Forgotten Books, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from The Relative Position of Actors and Chorus in the Greek Theatre of the Fifth Century It has been assumed, and by many writers on the subject it is assumed to-day, that the great Athenian dramatists, Vitruvius, all the grammarians, lexicographers and scholiasts had before their eyes the same Greek theatre, which remained practically unchanged from the time of Aischylos to the days when Nero and Hadrian were spectators in the theatre of Dionysos. The Vitruvian stage has been accepted as the Greek stage for the entire period of the Greek drama, and the description of the Greek theatre by the same authority has been used as a Procrustes bed to which all plans of theatre ruins must in some way be made to conform. Within the last decade, however, the revolt against the writers of post-classic times as authorities on the theatre of the V century has been rapidly spreading. The excavations in the theatres of Athens, Epidauros, Sikyon, Oropos, Megalopolis, and Eretria have yielded results of the highest importance. With the knowledge gained from these excavations, with the carefully drawn plans of these theatres before us, the older works dealing with the construction of the Greek theatre, and plans such as are found in Wieseler s Theatergebäude must be considered as antiquated. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work.
