What if you could pick the right home for successful living? What if you can pick the perfect partner for love and marriage? What if you can know which car you will enjoy the most? What if your can know if you are in the right Career? What if you could tell what tomorrow would be like? And so on. Would life not be easier if you could know how safe your children are at anytime? Would you not worry less if you know your partner will never be unfaithful? How great it would be to know that you will win a court case or a contract deal? I had finally found the answers to life s most important questions like .Who am I? .Where do I come from? Why am I here? And what is my Purpose? I can now know when something will happen? Not only that, more interesting is the fact that this great knowledge does not have any superstitious connections or any occult or mysterious connotations in any way whatsoever. It is purely mathematical! It was using simple Arithmetic or Algebra in the basic forms! No complicated calculations! No advanced training was needed in Math.all you needed to know was additions and subtractions and the complicated problems of life could be solved and understood.
