

The Great Epochal Shift: Key Observations (Paperback)

Filesize: 8.25 MB

Reviews

Just no phrases to describe. It typically does not price an excessive amount of. It is extremely difficult to leave it before concluding, once you begin to read the book.

(Felton Hessel)

Createspace Independent Publishing Platform, United States, 2012. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.We are living at the end of an epoch which means humanity is on the verge of catastrophic change. All our world structures, belief systems and expectations are now on the edge. The eminent realignment is bringing our life essence into a clearer space which means the past that we know is about to dissolve. The preparatory cleansing has already commenced, noticeable in the rouse of dictators, political and corporate, sucking the life energy of people. The world stock markets are next in line, transparency exposing the disease of speculation. That said, we are about to realize there are no external enemies, for all things are interconnected, interdependent and interrelated. Attacking others because we don t like their ideas is like breaking the mirror because I don t like the look of my face. In the deeper reality there is only self, the man or woman reading these words where I am herewith accountable. The cleansing comes from within and sequentially dissolves the greed possessing the world imposing austerity measures on innocent life. This is the great epochal shift upon us right now.
