RareBooksClub. Paperback. Book Condition: New. This item is printed on demand. Paperback. 124 pages. Original publisher: Washington, D. C. : Program Assessment and Outreach Branch, Office of Pollution Prevention and Toxics, U. S. Environmental Protection Agency, 1993 OCLC Number: (OCoLC)49890964 Subject: Testing laboratories -- Accreditation -- United States. Excerpt: . . . SECTION 1 INTRODUCTION 1. 1 BACKGROUND The hazards of Pb-based paint have become a leading public health issue of the 1990s, and Pb-paint abatement of homes is a high priority among many different health and environmental organizations. The Environmental Protection Agency (EPA) estimates there are several hundred laboratories, not currently performing analysis, that will be involved in new, extensive Pb-abatement programs. 1. 2 EPA RECOGNITION OF LABORATORIES Following the lead of the Interagency Lead-Based Paint Task Force (U. S. EPA, 1992a), the EPA Office of Pollution Prevention and Toxics (OPPT) is establishing the National Lead Laboratory Accreditation Program (NLLAP). The NLLAP will provide federal oversight for state and private sector, laboratory accreditation programs involved in the accreditation of laboratories analyzing paint, soil, and dust samples associated with the abatement and control of Pb-based paint contaminated housing. The NLLAP will recognize accrediting organizations that meet NLLAP minimum requirements through a Memorandum of Understanding (MOU). Each NLLAP-recognized accrediting organization will administer its laboratory accreditation program under NLLAP oversight. In order to be recognized by NLLAP, laboratories must meet the following criteria: The laboratory must successfully undergo a systems audit inclusive of an on-site assessment by an analytical laboratory accrediting organization recognized by EPA through an MOU. The laboratory must successfully participate in the Environmental Lead Proficiency Analytical Testing (ELPAT) program. (See footnote on page xi.) The completion of a proficiency testing-based program alone is not sufficient..
