Selected small employers, i. e. , single-establishment firms with payroll below a specified cutoff. (The term employers refers to all business firms with paid employees at anytime during 1982 as shown in the active administrative records of other Federal agencies.) Although the payroll cutoff varied by kind of business, small employers generally included firms with one to three employees and represented about 10 percent of total retail sales. Data on sales, payroll, and employment for employer firms below the cutoff were derived or estimated from the administrative records of other Federal agencies, except for a 10-percent sample which was included in the mail universe. 2. The mail universe consists of firms for which information was obtained basically by means of a mail canvass and includes: a. Large employers, i. e. , all employer firms above the payroll size cutoff established to separate large from small employers. Within this category, a report of company organization is conducted periodically to identify firms which operated establishments at more than one location and to obtain information on payroll and mid-March employment at each location. The 1981 Report of Company Organization was used as a coverage check in the census. In the census mailing package containing the appropriate 1982 questionnaires, firms were sent a form to use in updating the list of establishments with those opened since 1981. b. The 10-percent sample of small employers referred to in section 1b above which were sent the census mailing packages containing the appropriate 1982 questionnaires. Method...
