SUSTAINABILITY IN THE HOSPITALITY INDUSTRY: PRINCIPLES OF SUSTAINABLE OPERATIONS

Routledge, 2014. Soft cover. Book Condition: New. International Edition. Sustainability is one of the single most important global issues facing the world. A clear understanding of the issues surrounding climate change, global warming, air and water pollution, ozone depletion, deforestation, the loss of biodiversity and global poverty is essential for every future manager in the hospitality industry. Present and future hospitality executives need to know how sustainable management systems can be integrated into their businesses while maintaining and hopefully improving...

Reviews

Absolutely one of the best book I have ever study. It is actually written in simple terms rather than confusing. I realized this pdf from my dad and i suggested this pdf to understand.

-- **Garry Quigley**

This ebook will be worth buying. It usually fails to charge too much. You will not sense monotony at any time of your time (that's what catalogs are for regarding when you check with me).

-- **Retha Frami V**

The book is simple in read through better to fully grasp. It is really exciting through looking at period of time. I discovered this publication from my i and dad encouraged this book to find out.
