

## Let s Count Stars as Line and O Make Silly Shapes and Numbers !

By Wingfield McGowan

Createspace, United States, 2014. Paperback. Book Condition: New. Large Print. 279 x 216 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Using rhymes and interesting shapes that go along with numerals one through ten, this workbook gives children practice in tracing numbers and counting the number of stars represented by the numerals. It also provides geometry awareness as children trace the angles and curves that make numerals. A chapter of white-on-black numbers is included so that children may practice without fear of going outside the lines because it won t show on the black background. We hope you ll find this workbook helpful for your child or students.

*This publication might be well worth a read, and much better than other. It really is simplified but excitement inside the 50 % of the book. You will not feel monotony at whenever you want of the time (that's what catalogues are for concerning when you check with me).*
