Createspace, United States, 2014. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Entitlement - Accolades of Worth is a difficult book to read because it speaks about today's human condition of entitlement and what we believe we truly deserve. If asked the question, What do we deserve? how would you respond? Do we just deserve death, deserving love, deserving diamonds, merit for our accomplishments or simply entitlements because we are owed them? Accolades of Worth offers a different perspective on the subject of entitlement and teaches you the behavioral science behind a person's belief that they deserve everything. Written by one of the nation's leading behavioral scientists, Dr. Treat Preston is going to surprise you with his words and his insights. This is a difficult subject to embrace because it cuts to the core of our self-worth and the way we see ourselves in today's world. This is a must-read book and one you will not soon forget. Are you ready to be awed? We shall see.
