Auswahl Einer Softwarelösung Zur Erstellung Einer Automatisierten Technischen Dokumentation Fur Das SAP Business Information Warehouse in Der Finanzit GmbH

By Christian Struck

Grin Verlag. Paperback. Condition: New. 76 pages. Dimensions: 8.3in. x 5.8in. x 0.2in. Bachelorarbeit aus dem Jahr 2007 im Fachbereich Informatik - Wirtschaftsinformatik, Note: 1, 3, Berufsakademie Weserbergland - Hameln, Sprache: Deutsch, Abstract: In order to draw conclusions from bugs in production or further development, a complete high quality documentation is necessary. The manual creation of technical documentation in SAP Business Information Warehouse (BW) needs a lot of time in the wheel of deployment and the result does not meet the main requirements at FinanzIT. This is the reason why the staff of the SAP BW group is interested in a new solution, which can automatically create a technical documentation for the SAP BW environment. The following paper aims to describe the procedure of selecting the best software-solution to achieve the objectives und solve the current problems. To make the reader familiar with the problem we are faced with, the first part explains the background of general documentation and the SAP module BW, an information system for management. The presentation of theoretical process models describes the different phases of evaluating software. These findings are then applied to the actual implementation. After analysing possible solutions, only four alternatives come into consideration. In...
