THE REFORMATION AND EDUCATION (1520-1648) (CLASSIC REPRINT) (PAPERBACK)

Forgotten Books, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from The Reformation and Education (1520-1648) Under Nicholas the Renaissance was fully under way, understanding by the term, of course, not an absolute re-birth of literary and artistic sense, for such it was not, but the creation of a boundless zest and marvelous grace and finish in concept and execution. Taken absolutely, says Guizot, and as implying a Renaissance following upon a decay of science, literature, and art, the expression is exaggerated and goes beyond the truth; it is not true that the five centuries which rolled by between the establishment of the Capetians and the accession of Francis I. (987-1515) were a period of intellectual barrenness and decay; the Middle Ages, amidst the anarchy, violence and calamities of their social condition, had in philosophy, literature, and art works of their own and a glory of their own which lacked not originality, or brilliancy, or influence over subsequent ages. Begun in Italy, the movement was not slow in making itself felt in other countries of Europe. Scholars from Germany, France, Spain, and the Netherlands, from everywhere, in fact, flocked to the banks of the Tiber to become imbued with the principles of that advanced culture which was to affect so largely the educational no less than the sociological destinies of the world. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work.
